Final Report now available: IIU concludes investigation into single vehicle highway accident in northern Manitoba

On March 4, 2019, the Independent Investigation Unit (IIU) issued a media release advising that it had concluded its investigation into injuries sustained by a 19-year-old woman following brief contact with an RCMP officer on a highway near Cranberry Portage. It concluded that no charges should be laid against the subject officer.

The final report of the IIU was not released as charges were pending before the Courts. Charges have now been disposed and the IIU final report is available on the IIU website. The details of this investigation were first announced on July 24, 2018.
